- Visual Studio Code
- Adobe XD

SKILLS

- Problem-solving
- Analytical
- Responsible
- Service-orientated
- Disciplined

MY WORK STYLE

- I have an eye for detail.
- I am systematic in handling a variety of tasks.
- I consider myself to be highly effective where consistent performance is required.
- I like to gather sufficient data before I act.
- While I'm committed to the needs of my team, I also enjoy working independently.

EXPERIENCE

2014 - 2016

ENTREPRENEUR

Sightstone - Jewellery webshop (sole proprietorship)
<http://sightstone.storenvy.com/>

- Web design, SEO, product photography, e-commerce and customer service.

This experience allowed me to pick up my childhood passion of graphic & web design and to put my trade management knowledge into practice.

2013

ADMINISTRATION & PROJECT MANAGEMENT ASSISTANT TRAINEE

Financial services company "Upbest Group Limited"
Sheung Wan, Hong Kong

4 months internship as part of bachelor programme.

- Client Investment Portfolio Entry and Analysis: archiving customer documents.
- Property Investment Proposal: writing report about Dutch real estate market.

Working in one of the top financial hubs abroad gave me insight in the work pressure and large power distance at the office.

2012

MARKETING TRAINEE

"Korea Agro-Fisheries & Food Trade Corporation"
Rotterdam, The Netherlands

4 months internship as part of bachelor programme.

- Conducting market research and participating in promotional activities to increase the awareness of Korean food.
- Managing social media and conceptualizing ideas and improvements for e-commerce.

During my first internship I learned to come out of my shell and to voice my comments and ideas to coworkers.

2012

LOGISTICS MANAGER & MARKETING AND SALES ASSISTANT

Junior enterprise "Asian Business Corporation"
Rotterdam, The Netherlands

8 months project as part of bachelor programme.

- Writing marketing plan, doing marketing research, writing purchase report, maintaining contact with supplier.

I learned how to take leadership and to plan and delegate tasks.
